

CHAIN BLOCK SKU# LH-CB

DESCRIPTION:

This Strongway™ Manual Chain Hoist is a commercial-grade hoist with heat-treated double pawls to ensure good spring and reliable brakes. This unit features a durable high-strength steel frame and gear case, a Grade 80 load chain and lithium grease to deliver solid performance. There are 2 lifting capacity options available: 1 Ton & 2 Ton.

FEATURES:

- Blackening side plate
- Zinc Plated hand chain with rolled-edge design
- Meets ASME B30.16/ASME HST-2:2014 safety standards
- Cast steel safety latch on the 360° swivel hook increases safety
- Tough ductile drop-forged hooks ensure noticeable opening when subject to excessive overload.
